CMUD ERP — Management Department Requirement Checklist

Name: _____
Designation: _____
Date: _____

Tick one option for each feature.

MG01 — Student Search and Records

Find students by **ID, name, phone, course, batch, admission date, month, and year**. View student information, payment dues, manual exam-completion status, and certificate status.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

MG02 — Certificate Readiness

Find students ready for certificate processing by checking manually entered exam completion, required documents, and payment clearance according to CMUD's rules.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

MG03 — Certificate Approval and Hold

Approve certificates for printing or place them on hold. Record the reason for a hold or any authorized exception.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

MG04 — Certificate Templates

Maintain approved certificate formats for each course, including institute details, student information, course title, dates, and authorized signatures.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

MG05 — Certificate Number and Issue Date

Assign a unique certificate number and record the issue date. Prevent accidental duplicate issuance for the same course enrollment.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

MG06 — Certificate Preview and Printing

Preview and verify certificate details before printing. Print one certificate or multiple selected certificates by course or batch.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

MG07 — Certificate Status Tracking

Track certificates as pending, on hold, approved, printed, ready for collection, or delivered. Filter lists by course, batch, date, and certificate status.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

MG08 — Certificate Delivery

Record the delivery date, recipient's name and contact number, staff member handing over the certificate, and collection acknowledgement.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

MG09 — Collection by a Representative

Record when an authorized person collects a certificate on behalf of a student. Keep the representative's details and required authorization evidence.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

MG10 — Certificate Correction and Reprinting

Handle incorrect, damaged, or lost certificates through authorized correction or reprinting. Keep the reason, previous certificate details, and reprint history.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

MG11 — Certificate Collection Follow-up

Generate lists of printed but uncollected certificates with student contact details. Share the list with Admin for communication and follow-up.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

MG12 — Institute Dashboard

View total students, new admissions, active batches, outstanding dues, exam-completed students, and pending certificates. Filter information by period, course, and batch.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

MG13 — Financial Overview

View weekly, monthly, and annual collections, expenses, outstanding dues, and collection-minus-expense summaries recorded by Accounts.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

MG14 — Approvals and Exceptions

Review requests requiring management approval, such as discounts, refunds, payment corrections, expenses, or certificate issuance with outstanding dues. Record the decision and reason.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

MG15 — Reports and Export

Generate certificate issuance, delivery, pending collection, admission, and financial summary reports. Print reports or export filtered results to CSV.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

MG16 — Access and Activity History

Limit certificate preparation, approval, printing, delivery, and financial viewing to authorized staff. View who performed important actions and when.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

Feedback

1. Which features matter most?

Write the feature IDs or names in order of importance.

2. What is missing, should change, or would you recommend?
