CMUD ERP — Requirements Feedback Form

Center for Medical Ultrasound & Doppler
Super Admin

We are developing a system to manage CMUD's admissions, student records, payments, expenses, routines, and certificates. This checklist will help identify the oversight, approval, reporting, and access controls required by the CEO.

Name: _____
Designation: _____
Date: _____

How to Fill In

Read each feature and **tick one option**:

- **Need now:** Essential for the first version.
- **Later:** Useful, but can wait.
- **Not needed:** Not required.
- **Discuss:** Needs clarification or changes.

Example:
☑ Need now ☐ Later ☐ Not needed ☐ Discuss

Select features based on your responsibilities and priorities. Access and approval rules will be finalized after reviewing everyone's feedback.

Feedback

At the end of the checklist, tell us:

1. Which features matter most?
2. What is missing, should change, or would you recommend?
3. Any additional comments.

Write in **Bangla or English** using your own words. No technical knowledge is required.

CMUD ERP — Super Admin Requirement Checklist

Tick one option for each feature.

SA01 — Institute Overview Dashboard

View total students, new admissions, active courses and batches, collections, expenses, outstanding dues, and pending certificates. Filter by date range, month, year, course, or batch.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA02 — Access to All Department Records

View records maintained by Admin, Accounts, and Management, including student profiles, admissions, payments, expenses, routines, exam completion, and certificates.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA03 — Student Search and Filtering

Find students by **ID, name, phone, course, batch, admission date, admission month/year, payment dues, exam-completion status, and certificate status**. Combine filters to create specific student lists.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA04 — Admission and Enrollment Reports

View admission totals, active students, repeat enrollments, transfers, withdrawals, and cancellations. Compare admissions across courses, batches, and selected periods.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA05 — Financial Overview

View daily, weekly, monthly, and annual gross collections, refunds, expenses, gateway charges, and net cash movement. Show billed amounts and unpaid dues separately from money received.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA06 — Outstanding Dues and Follow-up

View outstanding and overdue amounts. Find students by due amount, billing month/year, course, and batch. Review follow-up notes and promised payment dates recorded by Admin.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA07 — Course and Batch Financial Summary

View fees billed, payments collected, and outstanding dues for each course or batch. Include directly assigned expenses where available.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA08 — Expense Oversight

Review expenses by category, date, payee, payment method, and responsible staff member. View vouchers and supporting documents.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA09 — Online Payment Overview

View online payment status, gateway charges, refunds, funds awaiting settlement, and amounts received. Review unmatched bank or gateway transactions.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA10 — Course Fees and Billing Rules

Authorize course fees, monthly/yearly charges, installments, and payment deadlines. Specify when fee changes take effect and which admissions they apply to.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA11 — Discounts, Waivers and Refunds

Approve or reject discounts, fee waivers, and refunds. Record the amount, reason, requesting staff member, and decision.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA12 — Expense Approval and Limits

Set which expenses require approval and define approval limits for authorized staff. Approve or reject requests with a reason.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA13 — Financial Corrections and Recovery

Authorize corrections to bills, payments, expenses, and opening balances. Reverse incorrect or duplicate transactions while preserving the original record and correction history.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA14 — Central Approval List

View all requests awaiting the CEO's decision in one place, including supporting documents, responsible departments, and previous decisions.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA15 — Course, Batch and Routine Oversight

Review courses, batch schedules, student numbers, and class routines. Authorize major course or batch changes, closures, or cancellations where required.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA16 — Manual Exam-Completion Oversight

View manually entered exam-completion records. Control who may enter, verify, or correct completion status, and review changes.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA17 — Certificate Rules and Approval

Set certificate requirements, including exam completion, documents, and payment clearance. Specify which certificates require final approval.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA18 — Certificate Printing and Delivery Oversight

View certificates awaiting approval, printing, collection, or delivery. Search by student, certificate number, course, batch, and date. Review handover details.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA19 — Certificate Templates and Signatures

Authorize certificate formats, numbering rules, and signatures. Control who can change templates or use stored signature images.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA20 — Certificate Exceptions and Corrections

Authorize exceptions, corrections, reprints, or certificate cancellation according to CMUD's rules. Record the reason and retain previous history.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA21 — Staff Account Management

Create, activate, deactivate, and manage staff accounts. Assign departments and responsibilities, and remove access when staff leave or change roles.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA22 — Custom Roles and Permissions

Control who can **view, create, edit, approve, reverse, print, and export** records in each module. Restrict sensitive financial information, documents, and settings.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA23 — Delegation of Authority

Delegate selected approvals to an authorized person for a defined period. Set limits, record delegated decisions, and withdraw authority when needed.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA24 — Final Authority and Accountability

Allow the CEO to make final decisions and authorize exceptions to permitted business rules with a recorded reason. Preserve CEO actions in the activity history.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA25 — Account Security

Require secure login and two-step verification for selected users. View active sessions, sign out lost devices, and control account recovery.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA26 — Activity and Change History

Review who created, changed, approved, reversed, printed, or exported important records and when. Protect this history from alteration through normal user access.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA27 — Financial Period Closing

Close completed monthly or yearly financial periods to prevent unauthorized backdated changes. Require approval and a reason to reopen a period.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA28 — Reports and CSV Export

Generate institute-wide admission, collection, expense, due, exam-completion, and certificate reports. Compare periods, print summaries, and export filtered results as CSV.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA29 — Alerts and Pending Work

View alerts for overdue payments, large expenses, pending approvals, unmatched payments, and delayed certificate processing. Select which alerts require the CEO’s attention.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA30 — Student Complaints and Escalations

Review unresolved complaints or requests referred by departments. Assign responsibility, record decisions, and track resolution.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA31 — Institute Settings

Manage institute details, official contact information, receipt and voucher formats, numbering rules, and enabled payment methods. Restrict changes to authorized users.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA32 — Existing Data and Opening Balances

Review imported student records, unpaid bills, opening balances, and certificate records. Approve verified totals before using them as official records.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA33 — Backup and Recovery Oversight

View backup status and failures. Authorize data restoration when needed and ensure restored records are checked before normal work resumes.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

SA34 — Archiving and Deletion Control

Set which records can be archived or deleted and who may perform these actions. Preserve financial and certificate history through cancellation or reversal where appropriate.

☐ Need now ☐ Later ☐ Not needed ☐ Discuss

Feedback

1. Which features matter most?

Write the feature IDs or names in order of importance.

2. What is missing, should change, or would you recommend?

3. Additional comments
